All-

I am available Friday afternoon, around 2pm would work for me. Let's be sure and put the additional trolleys on the agenda. I want to propose that we form a sub committee to work on it. Sampson Way work is set to begin in August and if we have the system up and running by then it will go a long way in relieving the congestion that will cause. It will also give up an opportunity to fine tune the system before the SP Public Market is built.
